Dear Council Members and Stakeholders,

**Re: Executive Officer Appointment**

On behalf of Council's Executive, I would like to formally introduce and welcome CCEA's new Executive Officer, Ms Kylie Woolcock.

Kylie joins CCEA after spending the last twelve months engaged in multidisciplinary primary health care education, professional development and accreditation projects for such organisations as the National Heart Foundation of Australia, the Australian Association of Consultant Pharmacy and the Australian Pharmacy Council. Through these activities she developed a knowledge and understanding of accreditation and assessment procedures, particularly within the context of Australia's recent *Health Practitioner Regulation National Law*. Prior to this, she was the Senior Executive Officer, Professional Development, at the Pharmaceutical Society of Australia.

Kylie can be contacted via email at [kylie.woolcock@ccea.com.au](mailto:kylie.woolcock@ccea.com.au) and on her mobile at 0410 625 830.

Kind regards,

*Dr Michael Shobbrook*

CHIROPRACTOR
